"The Robbins were of English descent, and landed at Plymouth, Massachusetts, one later going to Virginia--then on horse back blazing a trail to North Carolina, hunting a place to settle. They returned to Virginia Colony and moved their families to North Carolina to what was known as Batt's Cross Roads." (Excerpted from a letter dated 9 March 1894 from Mrs. Lizzie Moore Griffin).

The Bible Record stated that the Watkins, Robbins and Evans families came from England and landed at Plymouth before migrating south to Virginia and then into North Carolina.

Nicholas Robbins' will of 1650 (New England) gives house to wife, Ann. Children: John, Rebecca, Mary, Hannah, Ralf, William, Partridge, John Willie. One migrated south.

The first record in North Carolina is the will of William Robbins, dated 7 April 1779; wife, Mary. Eldest son, Arthur; sons--William, Jethro, Thomas, and John; daughters: Luraine, Elizabeth, and Millie (Milley). The North Carolina Booklet, Vol. XVI, No. 2, October 1916; Edgecombe Records, Sybil Hyatt, Kingston, NC.

Abstract of the Wills of Edgecombe County, North Carolina 1733 - 1856, Ruth Smith Williams & Margarette Glenn Griffin, Dixie Letter Service, Rocky Mounty, NC 1956, p. 279.

Luraine Robbins was the great grandmother of Martha C. House who became the 2nd wife of Jesse Battle Hyatt.

No. 2 ← William Robbins was born ca 1711; died 1781. His son, William Robbins, Jr. was born ca 1745-50; died 7 January 1831. The will of William Robbins is dated 2 October 1826. "February Ct. 1831. Son, William, 1 S; gr. sons: Moses Robbins, son of Elijah Robbins, and Wiley, son of Eli Robbins, all my land to be equally divided at decease of my wife; residue to sons: Stephen (Exr), Elijah, Eley, and daughter, Charity Braswell, wife of Issac Braswell, Sr. Wit: Britain Willigord, Caleb Davis, Morgan Jackson. Abstract of Wills of Edgecombe County, 1733-1856, Williams & Griffin, 1956, p. 279.

Tarboro Free Press, Tuesday, January 11, 1831--"Died in this County on Friday morning last, in the 86th year of his life, an old Revolutionary soldier, William Robbins, Sr." He was an Elder in the Primitive Baptist Church 1817 - 1824. William Robbins, Jr. born ca 1774 married Patsy (Martha) Farmer, born ca 1777--she was the daughter of Issac Farmer, Jr. William Robbins, Jr. was the son of the deceased.

The will of William Robbins, Sr. omits the names of daughters--Mary, born 1784, died 1871, married Joab Hyatt, born 1787; and his daughter, Millie (Milley) born 27 August 1776, died 9 September 1861, married 1 December 1803 to Theophilus Moore, son of Martha Watkins and James Moore. They probably received property at the time of their marriages.

The line between Edgecombe and Nash counties was changed by legislative enactment in 1872. This put the William Robbins homestead in Nash County. The Jacob Robbins still lived in Edgecombe County near Joyner's Depot until the formation of Wilson County. Eli Robbins lived in Wilson County near Moore's Church; and Arthur Robbins also lived in Wilson Co.

RE: Family Name Files in Pascagoula Library

Dear Mrs. Martin:

I recently ordered a copy of Jean Strickland & Patricia N. Edwards' book about the Baptist and Presbyterian Churches of Covington County, Mississippi, 1988. Mr. Ben Strickland sent me the book, but advised that Mrs. Strickland died in October 1999. A copy of his note is enclosed.

Ben suggested that I check with you to see if you have in your library some sort of Robbins family book, perhaps about the Simon Robbins/Robins and Rebecca (Hickman?) Robbins (my great-great-grandparents on my mother's side of the family) who may have come to the Mississippi territory about 1815 and who were counted in the 1820 census in Adams County, MS., but soon moved to that area of Covington County which later became southeastern part of Jefferson Davis County. Simon was one of the organizers and charter members of the Ebenezer Baptist Church in 1820. The family was counted in the 1830 census in Covington County.

Simon & Rebecca's son, William Robbins (b. 10 Aug 1801, d. 15 Apr 1880) and his wife, Mary Elizabeth (Easterling) Robbins (b. Ca 1803, d. ca 1862). William & Elizabeth were married in 1824 in Marion County. They had nine children. By 1842 William and Elizabeth were having marital problems, and he tried to use church law and procedures to reconcile with her, apparently having committed some sin once too often and she was not buying into it, and in 1844 both were excluded from the Ebenezer Baptist Church.

Apparently William and Elizabeth were divorced, or at least separated by 1850, because she and at least six of their children were counted in the 1850 census in various households of her relatives. William and their two oldest sons are not found, although there was a Charles G. Robbins counted in a household in Hinds County as age 24 who may be the oldest child? William is not found in the 1850 census in Mississippi, but is counted in Washington Parish, Louisiana, in the 1860 census with a wife "Jane E." and two children ages 4 and 2. Apparently, William and his new family moved to Lawrence County before 1870, died in 1880 and he is buried in the Society Hill Cemetery on Mississippi Highway 13 about half way between Columbia and Prentiss. He has a most unique wooden marker, but unfortunately, it is badly weather beaten and damages so that the name is barely readable after "shave creaming" it and the mounting notch is split out so that it will no longer stand up. We plan to replace it with a granite marker within the next couple of years.

Elizabeth and at least six of the children moved to San Augustine County, Texas (near where I was born and grew up until the Army got me during WWII), in 1859 or early 1860, because the families

Pascagoula Public Library

Robbins Family

were counted in the 1860 census in San Augustine County. Apparently the two oldest sons were married by that time or did not at least at that time go to Texas (they could have gone later to some other county?). The youngest son, Jephtha Robbins (b. Ca 1844, d. ?), counted along with Elizabeth and son Jesse A. Robbins (b. 1842, d. 12 Sep 1862 in Confederate Army at Camp Rondo, in that part of Lafayette County which later became Miller County, Arkansas), were counted in 1850 in the household of her son-in-law and daughter, (Samuel) Daniel McClelland and Thursa (Robbins) McClelland in Hinds County. Jephtha does not show up in records in San Augustine County, so that it is assumed he died before the family departed Mississippi or that he died en route or before the July 15, 1860 census. All five of William and Elizabeth's sons who went to Texas served in the Confederate Army and another son, George Washington Robbins (b. 1831, d. 18 Jun 1864, soon after the battles at Mansfield and Pleasant Hill, Louisiana)

If your library has a book about the Robbinses of Adams, Covington, Jefferson Davis, Lawrence, Marion and other southeastern counties I would be interested to know and if such a book is available for purchase or loan through the Inter Library Loan (ILL) system?

I was in Hattiesburg and Covington, Jeff Davis and Marion Counties for a couple of days in April trying to locate the graves of Simon & Rebecca and records of their early life in Covington County, but unfortunately the court house burned about 1904, destroying many old records.

Thanks for reading my short story about my early Robbins Mississippi ancestors.

Sincerely,

Alfred F. Bobbitt

ADVENTURERS OF PURSE AND PERSON

General Assembly, from Accawmack 1630, 1640 and 1642, from Northampton 1642 and twice in 1652, and was sworn a member of the Council, 12 March 1655/6, and served until 1660.⁵ He owned land in Accawmack before 10 March 1637/8 when John Wilkins patented 500 acres "toward the land of Obedience Robins, Gent.,"⁶ identified in two Northampton patents, March 1643, as a total of 950 acres.⁷ The first of the patents—for 500 acres divided in two parcels—was "due by order of the court dated 22 March 1638[9], as also for the transportation of ten persons," among them Robins himself, Mrs. Grace¹ Robins and her daughter Margaret² Waters. From these claims for headrights and from the fact that Robins' name is missing from the Virginia records, 1634–37, it would appear that he made a trip to England and while there had married Grace¹ (O'Neil) Waters, whose first husband was buried there 22 Aug. 1630.

Obedience Robins probably was of Puritan affinities for, Feb. 1633/4, the Rev. William Cotton, minister of the parish, complained to the Accawmack Court that Robins has refused to issue warrants for the minister's tithes.⁸ He had died by 30 Dec. 1662 when William² Waters, his step-son, presented to the Northampton Court his nuncupative will, which also was attested by William² Andrews, Robins' son-in-law.⁹

Grace (O'Neil) Waters Robins died before 2 March 1682/3 when Capt. John² Robins on behalf of himself, William Cowdry who married Mary Robins, and the children of Dorothy Andrews, was granted administration on his father's estate, "lately left by their deceased mother, mother-in-law and grandmother."¹⁰

Issue: [ROBINS] 2. JOHN²; 3. Obedience², called "younger son" and bequeathed 900 acres in Northampton County upon the "south part" of his father's dividend "on the seaboard side," died by 19 March 1682/3 when an inventory of his estate was made;¹¹ 4. DOROTHEA², 5. MARY²; 6. FRANCES².

2. JOHN² ROBINS (Grace¹ O'Neil), born at Cherrystone, 6 July 1636, was sent to his uncle Richard Robins in England.¹² On his return he married, 9 Jan. 1662/3,¹³ 10. Esther³ Littleton (see SOUTHEY-HARMER-LITTLETON), whose mother's will, 1656,

THE ROBBINS FAMILY OF NEW JERSEY

JOHN ROBBINS

buried 12 August 1680, Teddingworth, Leicestershire, England

married to Hester

buried 7 August 1677

RES: Teddingworth, Leicestershire, England. Teddingworth is situated in quite the north of England, and in what is said to be perhaps the most beautiful and fertile part of the Kingdom.

JOHN ROBBINS, who was the progenitor of the Robbins Family of New England and New Jersey, is found at least as early as 1620, living in the Parish of Teddingworth, Leicestershire, England, where he appears to have been a person of considerable importance, and of large landed possessions. His wife was named Hester, and they had six sons, Viz: John, Richard, Nicholas, Thomas, Samuel and Joseph. If they had any daughters the fact does not appear.

At the death of King James and after the accession of Charles the First, the feeling between the established church and the dissenters was very bitter and John Robbins and his family being in the latter class, the situation finally became so unpleasant that they decided to emigrate to America. Five of their sons, namely: John, Nicholas, Richard, Thomas and Samuel came over to New England in 1638. The parents and their youngest, Joseph Robbins, intended to follow and a tract of land was assigned to John Robbins in Wethersfield, Conn. which land--as he did not arrive to occupy it was subsequently assigned to another person.

During the life of Cromwell, the situation in England improved and this perhaps helps explain why the rest of the family did not come. In the records of the Parish Church of Teddingworth, it is stated that "Hester Robins was buried August 7, 1677," and that "John Robins of Teddingworth in this Diocese, was buried in the Church Yard on August 12, 1680, according to an act of Parliament," indicating that being a heretic he could not be buried in consecrated ground without a special act for that purpose. Excepting that Thomas Jenkins buried them. There is nothing more concerning them in the Parish Records. There are, however, quite a number of births and marriages of the

of the Robbins (Robins) family, and one other death, viz: Daniel Robbins who was buried in 1711, and who had several children but no dates are given.

The name Robins (Robbins) is now extinct) is now extinct in that locality. The monument to John and Hester Robins is located near is located near the church and is the oldest monument there. The five brothers who came to this country from England had all reached man's estate before leaving, as they had children baptized and recorded soon after their arrival.

Charles Robbins Hutchinson, says in his manuscripts, "My grandfather used to say that the Robbins, Robbins family descended from five brothers who came to this country from England, but it was only a family tradition, which usually proves unreliable and misleading, and I never paid any attention to it, so that when I obtained on on undoubted authority, the information here given, it was a good deal of surprise to me to find that the old tradition handed down for more than 200 years, was after all true. It is also excellent evidence of the New England and origin of our New Jersey line.

ISSUE:

1. John Robins, was at Wethersfield, Conn. in 1638. He was a member of the General Court of Connecticut in 1643, and died in 1660. He was the oldest son. 5. Samuel Robins settled at Duxbury, and died 1665; leaving a will dated 22 August of that year, by which he gave his estate to his father, John Robins, his mother, Hester Robins, and his brother, Joseph Robins, all of Teddingworth, Leicestershire, England. He mentions neither wife or children and appears to have been unmarried.
6. Joseph Robins remained in England.

Some of the above mentioned five sons of John and Hester Robins, was the father of Daniel Robins who was the first New Jersey ancestor of this family. Such of their children as are mentioned in the New England records were born after the immigration, and Daniel having been born in England before that event, is therefore not found amongst them. It is not likely that he was the son of John(2) or he would have been mentioned in his will, and Samuel left no children. He was most likely the son of Richard, Nicholas or Thomas. That he came to New Jersey from New England is certain, and the fact that in his will in 1714, he devised "that interest of land and goods, that falls to me in New Haven, in Connecticut Colony" shows that he had an inheritance there. I think it is beyond dispute that he was a grandson of John(1) and Hester Robins, and that he was born in England before the immigration in 1638. No account of Thomas' wife or children has ever been found, but from the little that is known of him, and by a process of elimination (since the progeny of all the other brothers is accounted for) I am led to conclude that he was the father of Daniel Robins, our first New Jersey ancestor.

DANIEL ROBBINS (3)

Died, will June 22nd, proved August 18, 1714; married 10 February 1663 (New Haven Registrars Office, Liber 1) to Hope Potter. Baptized 3 October 1641. Hope was the daughter of William and Frances Potter. Daniel Robins, a grandson of John (1) and Hester Robins of Teddington, Leicestershire, was born in England before 1638, at which time his parents and four other sons of John and Hester, emigrated to New England, and settled in Massachusetts and Connecticut, as already related. Daniel is first met with in 1663 when he married Hope Potter in New Haven, Conn. Next in 1669, when he was one of the heads of families in New England, who had then recently settled in the township of Woodbridge, in Middlesex County, New Jersey. He was the progenitor of the now numerous New Jersey family of Robbins. He was at that time a young married man and his family consisted of his wife, Hope Potter and three small children, the eldest of whom was born in 1664. There are several conveyances of land to "Daniel Robins in Woodbridge, planter." He was Sergeant or Marshall of Woodbridge in 1692. In 1695, he purchased of John Reid a tract of land in Monmouth County, supposed to contain 500 acres (on the easterly part of which he died in 1714. Hope, his wife, was living in 1686, but appears to have died before the removal to Monmouth County. In the first town book of Woodbridge, the birth of their 11 children are recorded.

Daniel Robbins does not appear to have removed from Woodbridge to Monmouth until a somewhat later date than his father. 14 April 1696, Daniel Sr., "in consideration of that natural affection" and conveyed to his son, Daniel, one-half of his 120 acre tract in Woodbridge, described as being at a place called "Rahway," and 8 July 1698, he conveyed to him the other half for the consideration of £42. How long he remained there we cannot say, but in 1709 we find him to be a resident of Monmouth.

Daniel Robins Jr was the sole executor of the will of his father in 1714. In 1727 he appears to have moved to Bucks County, PA where he remained about 4 years, returning to Monmouth County in 1731, as witness the following extract from the Chesterfield Monthly Meeting Records. "7th month, 7, 1727, Our Friend Daniel Robins requested a certificate for himself and his wife to Friends Monthly Meeting of Burlington, whereupon this meeting appoints Friends John Tantum and John Cheshire to make inquiry concerning his conversations, etc., and make return to our next Monthly Meeting." He afterwards removed to Amwell, Hunterdon County, where he died 2-21-1763.

Notes: In reference to your letter of October 17, inquiring about a deed from Daniel Robins, we find a deed recorded in the Town Clerk's Office conveying real estate and personal property to Nathaniel and Samuel Pott, from Daniel Robbins in June 1718. The real estate is not described, and in view of the fact that it may be located in any of the surrounding town, I would suggest that you get in touch with Miss Scofield, who is connected with the New Haven Colony Historical Society, 114 Whitney Avenue, New Haven, Conn. whom I believe knows practically all there is to be known about early records. However, if you would like a copy of the deed mentioned, we would be very glad to forward a you a copy upon the receipt of your check for \$3.10. Certified. Very truly your, James E. BENJAMIN ROBBINS (2) son of Daniel and Hope Potter Robbins; was born 6-15-1686; married about 1710 to Judith; Will made 1-15-1759; proved 12-3-1760 Mansfield NJ. Judith was living at the time of her husband's will. (Ezra and Deliverance, Odadiah, names among the children not used in other branches of Daniel and Hope Potter Robbins children might be a clew to the parents of Judith.).

First met with in 1714, when he settled on a tract of 203 acres, bounded on the easterly side by the province line, in Nottingham Township, Burlington County NJ, now the town of Hamilton, Mercer County NJ. This property now represented by what is known as "the Rockhill Farm," later owned by Alfred Van Arsdale, deceased, which was his residence until his death and his children and grandchildren afterwards for many years. Issue:

1. John Robbins of Allentown NJ
died ca 1773; married to Martha, living in 1774. John was quite prominent in the affairs of the village. Was a blacksmith, and lived in Allentown, on the lot now owned by Elizabeth P. Ford, Edward H Hendrickson, Elmer M Hutchinson and John S Hulse, which lot belonged to his father Benjamin Robbins and was devised by him to his son, John Robbins, in his will.
2. William Robbins, Quaker, member of Chesterfield MM
Married 3 May 1738, Chesterfield MM of Friends, NJ to Mary Draper who was the daughter of Thomas.
3. Deliverance Robbins married 24 November 1739 to John Taylor of Chesterfield NJ. He was born ca 1698, son of Samuel and Susanna (Horseman) Taylor. Deliverance was living in 1759.
4. Benjamin Robbins Jr married Amy. Lived in the 26 acre lot where the Harvest Home Grove is now. The little brook which crossed the grove above mentioned, is designated in 1763 as "Benjamin Robin's Run." He appears to have died before his father, who in his will in 1759, makes no bequest to him, but leaves \$50 to be divided among 5 of his children. He was married as early as 1738, and probably lived on a 26 acre lot which was sold as his property when it was bought by his brother John Robbins in 1763. The little brook which crossed the road east of "Harvest Home Woods" was called "Benjamin Robbins's Run."

6. Nathaniel Robbins of Chesterfield NJ was born 16 February 1720, married Ruth Van Roome 7 October 1741 in Chesterfield NJ. Ruth was the daughter of Isaiah and Isabella (Tindall) Van Roome of Windsor, Middlesex County NJ. She was born 28 March 1724 and died 27 March 1766. Nathaniel died 27 November 1786.

Nathaniel was a weaver by trade and at the time of his marriage in 1741 was living in Chesterfield NJ. He married Ruth Van Roome, who lived on a farm of 200 acres, in what was then Windsor Township, Middlesex County, but is now Washington, Mercer County lying on both sides of the present road from Allentown to Robbinsville, and apparently included the farms later owned by Simon Dulatush, William N Tindall, J Wesley Scoby and Sara K Kelley. Isiah Van Roome was there as early as 1730, and died there in 1749. Nathaniel was one of his father's executors in 1760, and purchased the homestead, where he still lived at the time of his death 7 November 1786. He was overseer of roads in Nottingham 1761 and 1767, and overseer of the poor and Collector 1772.

The Robbins Burying Ground--The Robins Family Burying Ground of which frequent mention is made in this record, is located about five miles east of Allentown, and near the easterly line of Upper Freehold Township. It occupies the top of a hill on the northerly side of Shrewsbury road, and has an elevation of 295 feet. It contains one acre of land, and is near the southeasterly line of 500 acres which Daniel Robbins (2) bought of John Reid in 1695. It was a place of interment at least as early as 1720, which was the date of the oldest stone now in evidence. A more particular account of this ancient grave yard is contained in Book 2, page 101, Hutchinson Manuscript Book A 254.

The old graveyard on Covell's Hill, about two miles west of Clarksburg, near and to the north of Allentown road, has until recently been a neglected place. Nobody in this neighborhood seemed to know anything about the history or ownership. Recently the West twins, James and C Palmer, have at considerable expense cleared the entire plot of briars and weeds, and have erected a substantial and pleasing granite memorial at the entrance from the road. The burying ground is located on the farm formerly belonging to Moses Robins, son of Daniel Robins, the first settler. The plot was not systematically laid out. The early graves were roughly aligned, without space being left between successive rows and were simply marked with pieces of native stone.

In 1762, Daniel Robins, son of Zacharias Robins and grandson of Moses, deeded an acre of ground covering the graveyard, to some members of the Robbins family, who formed a self-perpetuating set of Trustees, and from hence is derived the name "The Robins Burial Place." The grave that has been given the most publicity is that of Deborah, daughter of Mordecia Lincoln, great-great-granddaughter of President Lincoln.

In later years the graves have been carefully aligned and marked with marble slabs with inscriptions. One stone with the initials "M. R." is possibly for Moses Robbins. The headstone although badly weatherworn is still readable. This is a reference point in the original deed of trust. In the section where the DeBow's are buried, we find the graves of great-grandfather DeBow and his wife, Abigail Robins; their children, viz: Thomas, Lawrence, Sarah, John and his wife, Lydia Wolcott. Here also are the graven of John Robins and his wife, Ann.

Until recently I did not know that John Robins was an uncle of
great grandmother DeBow, although their graves were near each other.
Samuel Stewart and his wife are buried near. I think Sarah was an Inins,
and a first cousin of Grandmother Gravatt.

Many more of the Robins are buried at Covell's Hill, but as far as
I can recall, no others are closely related to us. Elizabeth Davis is
buried in the DeBow section, was the daughter of Elizabeth Sexton, the
latter I believe was a sister of John Robins.

THE ROBBINS MEETING HOUSE

About a mile Westerly from Robbins Burying Ground, standing on high ground in the northerly side of the Shresbury road, in what was once known by that name. It was a branch of the Chesterfield Monthly Meeting of Friends (Quakers) and owed its origin largely to the Robbins Ramily, who are found in close connection with it all through the early history as disclosed by the records of that Society. Although Daniel Robbins was the founder of his family in New Jersey and was of Puritan Stock,

Robbins

From Bonnie Goyette, R 9, Box 20 Cauldwell, Quesnel BC V2J 5E6, Canada - an article sent to her from Rosemary Robbins who received it from Mr. M. J. (Marvin) Robbins, Ocala, FLA.

Dear Mrs. Glenn Weston (30 May 1979)

Thanks for your letter which came yesterday, and it was good to hear from you.

First of all, the "early New England" records mentioning a Jacob, Marion, and Allen, I believe is a different line of Robbins who had come to New England early 1600's.

I have tracked a number of Robins/Robbins lines spending a great deal of time on it and have evidence to support the fact that our Robbins came from Wales. They lived there (and we have some evidence to show it was Monmouthshire.) Evidence also tends to support the theory that our's came originally from Gloucestershire, then to Monmouthshire, then to America. None of our direct lines ever got into New England.

We have a great deal of evidence now that says that three brothers came to America, from Wales (we believe Monmouthshire), one settled in North Caroline, one in Virginia, and one in New York.

✶ The one that went to North Carolina was Richard Robbins (Sr.).
The one that went to Virginia we believe to be Elisha Robbins.
We don't have the name of the one that went to New York.

The father of these three brothers is what we believe to be Isaac Robbins (born about 1680 England, died England) and his name comes to us in two different accounts down two widely-separated lines. Proof of three brothers from Wales comes down from descendants of Elisha now living in Southern Indiana, and from descendants of Richard, Sr. now living in Eastern Indiana. So, we tend to believe that three brothers who came from Wales is not fiction and certainly can be no coincidence. So, Isaac had at least three sons (then maybe more) who stayed in England or Wales, and certainly probably several daughters at least.

✶ I Isaac Robbins (born about 1680 England, died England) That being family tradition

- A Elisha (born about 1704) to North Carolina to Virginia)
- B Richard (born about 1712) (to North Carolina)
- C _____ (male) to New York

North Carolina then becomes the first point for the group. Elisha and Richard appear to have arrived in North Carolina shortly after 1750. They may have entered America from much farther north and perhaps "took their time" going South. We just don't know yet.

We have nothing on the "third brother" who went to New York.

Elisha and Richard apparently came into North Carolina together. We have them in documents in both 1757 and 1759. They appear together "Richard and Elisha Robbins: in both documents. From that 1759 date Elisha "disappears" from North Carolina scene. We cannot find evidence of him in North Carolina from that point on. One account that says their Robbins descended from the brother that went to Virginia would lend some evidence to the fact that Elisha probably went to Virginia probably 1759. He fails to make that 1759 tax list. Perhaps he was visiting? There can be no doubt of a tie-in with Richard.

Elisha (born about 1704) appears to be the father of the following who were also born in Wales.

- A. Mathew (born about 1723) married Bethiah Nation possibly (one report says)
- B. William (born about 1736) married Elizabeth Bryant
- C. Jacob (born about 1738) married Mary Wells
- D. Nathaniel (born about 1742) married Ann

Mathew is old enough that he shows up in 1759 Rowan County tax list, as near as we can tell he has four children: Mathew, Isabel (who married William Livingston), Ann Nancy (married William Swaim), and Jonathan.

William (born about 1736) (son of Elisha), his son Vincent (married Charity Ryker), William (married Rachel Ryker) and Joseph (married Leanna Smith).

The third son of Elisha, Jacob, is the one through which you descend.

Jacob (born about 1738) married Mary Wells

- E. Mary (born 1764) married Valentine Chastain
- F. James (born 1771) married Hannah Robbins
- G. Martha (Massie) (born 1779) married Rene' (Renny) Chastain

Nathaniel (born 1742) married Ann _____

- A. Daniel (born 1768) married Keziah Allee ?
- B. Rachel (born 1770) married Jacob Robbins
- C. Richard (born 1773) married Catherine Wheat.

We seem to have better evidence of William's and Jacob's children than the others. One slim document ties Rachel to her parents. The evidence on other children of Nathaniel is very sketchy, but Daniel and Richard only seem to fit with Nathaniel.

 Your line would come down Absolem (born 11 September 1764) in Rowan, part now Randolph County, North Carolina, died 1869 Decatur County, Indiana.

My line comes from the other brother to Elisha, Richard, Sr. Richard had the following:

- A. Richard (Jr) born 1734 married Margaret Anderson
- B. James (born 1739) married/1 Martha Beesley
married/2 Elizabeth Yount.
- C. Isaac (born 1740) married Ann Bryant

*The John you list as being born 1741 is the John on my direct line. I have proof he is son of Richard and family records carry it down from there. I descend thru John's son Moses. In 1816 Moses left Randolph County, North Carolina and took his entire family and his aging father, John, with him to Wayne County, Indiana (Richmond). The troop must have included at least a dozen people and they drove cattle the entire way, during the summer of 1816. They all settled in Alington Township, Wayne County, Indiana. A huge percentage of the Robbins' of Wayne, Union, Randolph and Henry (and Miami and Fulton County in the north) Counties are descendants of Moses.

Your group (children of Elisha), for the most part went from Randolph County, North Carolina to Franklin County Virginia, then to Henry and Shelby County Kentucky, then scattered into Jefferson, Scott, Jennings, Decatur and Washington County across southern Indiana. This group spent almost 40 years in this 'hopscotching'. Not all went at the same time, and as the years went by the older ones died, younger ones married, had families, etc. After 30 years or so, some were as distant already as second cousins, causing the groups, by 1810-1829 to more or less break into smaller family units. Then the process of "breakup", continued in the 1830's 40's and 50's. Some of the Jefferson County Indiana people left and went to Montgomery County, Indiana. Later some of the Decatur County people left for Missouri and Oregon.

Meanwhile, in the early days before the Revolutionary War, Mathew's family went to Stokes and Forsyth. No doubt a few of them are still there today, and many went to Indiana and Illinois. Many of the descendants down the Swain line that married Ann Nancy Robbins, ended up in eastern and southern Iowa, eventually. Of all Elisha's grandchildren we have found only one who stayed at Randolph County, North Carolina. Joseph R. who married Leanna Smith, - but even then, later some of Joseph's children migrated to Illinois. Randolph County must have been worse than "Grand Central Station".

Now, much of the confusion on Robins/Robbins group comes from the fact that there were quite a number of immigrants to America with the same surname. We know there were several Robbins lived in

various parts of Massachusetts and Connecticut very early. They are distantly related, probably tieing together somewhere in England.

Another small group immigrated into Maryland, probably the lines into New York and Pennsylvania movement, eventually out of New England, One John Robbins and his son John settled in Gloucester County Virginia. This was an early group -- not ours either, but probably ties with ours somewhere over in England. Most of the Gloucester group intended to stay in that area, but one did move down the coast to the area around Elizabeth City, North Carolina.

⊗ About the same time that our group came to North Carolina another Robins (one b), family also came to the same area - in fact, they settled only a stone's throw from ours. All of this was Rowan County from 1753 to 1771. It was in Gillford for about 8 years (1771-1779) then Randolph County was formed in 1779. This other family came about the same time, probably not more than a year or so difference. It started with the migration of a brother, Joseph Robins, and his sister, Bethiah. They were from New Jersey. Joseph married an Eleanor Nation and Bethiah married a John Nation.

You will hear a lot about them if you study Robbins' in North Carolina. Many researchers have confused this group. The records of the two groups become intertwined from this confusion. The two families went to the same church and got to become good friends. They are NOT related, and because of their close proximity to one another, at times members of the two families appear in the same document, compounding confusion. The closeness of the families living near each other is pure coincidence, but when researching that area, one must be ever alert not to mix in the records of this other family. I have fallen victim of this, too, on several occasions.

(Sorry - I don't have room for the rest of this. It will be in the next issue)

Dear Robbins Cousins:

Have you ever felt that life is both rewarding and cruel at the same time?
That just when you thought everything is falling into place some one threw
a monkey wrench into the works?

Pascagoula Public Library
Local History & Genealogy Dept.
Robbins Family

Well, maybe you know how I felt when on March 31st I received Lavilla Owens' letter of March 26th with a copy of Eugene W. Robbins' letter of March 21st attached (copies enclosed). I felt a lot like a child who had been given a piece of candy by one parent only to have it taken away by the other parent: Puzzled!

I had drafted a letter to send out with copies of the two letters to alert you that in addition to some obvious errors that Thomas C. Robins might not be in our ancestral line, but before I had run off copies on April 3rd I received Gladys Wrenn's packet and I felt a lot like John Wayne Bobbitt must have felt after his then wife Lorena operated on him with a paring knife: I hurt!

On page 2 of Gladys Wrenn's letter of 19 March 1998 to Mrs. Betty Robbins Duckworth she stated "I'm sending copies of this package to most of the names on Alfred Bobbitt's list...." I assume from the term "most" that some addressees did not get copies but I have no way of knowing who you are until you tell me. If you did not receive a copy of the letter along with her letter of September 27, 1996, to an addressee whose name has been blacked out and will let me know I will send you copies so that you will "know the rest of the story."

Some of you are already aware that Gladys Wrenn and I tend to operate from opposite and conflicting poles, she insisting that everyone do his or her own research while my goal is to share research with each other. There are benefits to both views. Some relatives have made up Family Group Sheets for years only to file them away and guard them much like a setting hen, only in the end to have them thrown away by relatives with the valuable research lost to posterity forever. Any shared information may have errors, and each recipient needs to scrutinize the information for himself or herself because very little genealogy research will pass the acid test of purely scientific research simply because the documents available are not themselves always accurate, no matter who researched them. For example, census records will sometimes have different spellings of names for the same person between decades as well as ages listed do not always match. Limited legal documents such as land records and wills sometimes use initials rather than full names.

As previously stated I received the two listings from James and Joan Robbins of Port Arthur, Texas, who received them from Curtis D. Robbins, Sr. of Howey-In-the-Hills, Florida. I did not prepare the listings as pointed out in my letters of transmittal. I shared them with you in good faith in the same manner that James and Joan shared them with me and I am sure the same applies for Curtis.

I have attempted to learn the names of the person or persons who prepared the listings initially to no avail. My letters to Curtis have gone unanswered. Since Gladys Wrenn mentioned the listings as being "...fed into the WORLD FAMILY TREE and other computer programs and disseminated worldwide" in her letter to Betty Duckworth, it is possible that Curtis obtained the listings off that source and has been so bombarded with questions that he chooses to ignore them? Perhaps he is ill? I don't know.

Whether or not Gladys Wrenn and Eugene Robbins are correct or not I do not know. The preparers (authors) of the two listings, if known, might be just as adamant that the two listings are correct. I don't know.

Pascagoula Public Library
Local History & Genealogy Dept.
Robbins Family

It does, however, seem irresponsible to attack the unknown person or persons of falsely making up the information as Gladys Wrenn did in her letter to Betty which I quote in part below:

"It seems the author(s) simply picked out various names from other ancestry charts, then inserted these names into family groups. There's no recorded information which could enable anyone to simply patch our family tree onto the one of the prestigious family...unless that someone's fantasy was satisfied by doing this, simply to record (for their descendants) what they wanted their own ancestors to appear as...."

Given that the author(s) might be incorrect in the research and perhaps the selected names from such research, to issue such an indictment of dishonesty appears to me to be judgemental, reckless, speculation, ridiculous and ludicrous. I personally doubt she could get a conviction in a court of law based on her undocumented charges of such dishonesty.

Prior to publishing her book, Gladys Wrenn indicated she knew the name of our immigrant Robbins ancestor and the name of the ship he arrived on. But those of you who have read her book may know that she repudiates that on page 2 while leaving the door a little open:

"At one time, this writer was quite sure the senior Thomas in Westmoreland County, VA was our immigrant ancestor who came to this continent from Bristol, England on the RAINBOW in May 1662. He was indentured to Abraham Roome to serve four years as a servant in Virginia. Recent research, however, has not proven this Thomas as our ancestor, yet he could be."

Who has not done research only to learn later that newer or additional information proved it inadequate or flawed?

Suffice it to say, I hope, that all of we Robins/Robbins descendants have a common goal to identify our immigrant ancestor. No doubt many errors have been made in the search and probably many more will be made before a proven immigrant Robbins ancestor is nailed down. As Lavilla Owens so succinctly put it "This needs to be explored further."

Personally I am still having problems getting beyond William who married Mary Battle. I wish I had all the answers, but I don't.

NOW new subject matter and more sharing of materials from others. I recently received from J.M. (Justin Marvin Edward) Robbins of Ocala, Florida, a two-page chart of his ancestors. J.M. has done extensive research and told me a few years ago that when he reached 250,000 names of Robins/Robbins descendants he stopped counting, but that he now probably has as many as 500,000 names. Please note that he disclaims being related to our William and Mary Robbins line and cites his immigrant ancestor as Richard Robbins (b. c. 1712 at Sweanses, Wales, d. after 1760 in Rowan County, N.C.). J. M. sometimes refers to his line as "The Randolph County, N.C. Robbinses" to distinguish his line from other Robins/Robbins lines.

Some of you might be interested in the fact that some of this Richard Robbins line married other unrelated Robins lines, and that on the second page Elisha Robbins' third son Jacob married a Mary WELLS in 1760 in Rowan or Randolph County, N. C., and this Jacob died in 1812 in Jennings County, Indiana.

J. M. seems to be "realwell read" on the various Robins/Robbins lines and he might hold the key to some questions some of you might have. He has certainly shared freely with me from his voluminous records, and I hope he has no objection to my sharing his charts with you.

In summary if I have hurt anyone and/or caused any harm in sharing the two Robyns/Robins/Robbins listings it was not intentional. I was simply sharing with you as many of you have shared generously with me of your materials, and unless I hear from you to the contrary I shall continue to share with you any Robbins related materials which come into my possession.

Dear Mr. Bobbitt,

I really appreciate the new material. Someone has done a mountain of research. I was amazed that it included my husband's line right down through the grandchildren. That is because I sent the data to everyone I wrote to about the Robbins.

When I got your first copy, I wondered about the Edward b. 1460 — & you had noted it also.

I also have some qualms about dates in the early Robbys. There is too much time between est. births & deaths. For instance, Richard b. est. 1482-1522 d. 1584 seems a little far-fetched. Church records in England were kept pretty well even that early. I wonder where the researcher got his information. I wish I knew more about his method.

I am enclosing a letter from Eugene Robbins who is descended from Thomas^{#9}
(Gen. 8), John^{#11} (Gen. 9), John^{#12} (Gen. 10) Jacob^{#17} (b. 1737)

There may be a discrepancy there which will put the previous generations in doubt. This needs to be explored further.

Am I not mean to raise questions like this? Too often though people print as fact things they believe as true without proof. Then it becomes an established fact. However, since I have no means to search in England, I'm going to include all this in my files with a note of question about dates.

You are certainly to be commended for sharing your data with others. It can sometime be pretty costly, especially with all your list of Robbins researchers.

Yours,

Dear Robbins Cousin,

RC'd 4/13/98 ARB

Please excuse this short note. But, I've waited too long to get this package out--after receiving the one from Alfred Bobbitt. I thought you might want to know some of the points I have made in my letter to Betty Duckworth, and in the paper I have written about the Eastern Shore Robinses.

I'm also including a response to a letter I've received about this matter. Just hope all of this will help you sort our family out, and away from those Robinses of the Eastern Shore.

Sincerely,

Dear Cousin Betty,

Your last package was received earlier. Thanks so much. If it's okay with you, I'd like to keep it. If otherwise, please let me know. I'll get it copied and returned to you. I do not have time to go into all the discrepancies of that paper. Thank Goodness, we have serious genealogists who can see what's happening here.

It seems the author(s) simply picked out various names from other ancestry charts, then inserted these names into family groups. There's no recorded information which could enable anyone to simply patch our family tree onto the one of the prestigious family of Dr. Thomas and Mary Hansford Robins of Yorktown, Yorkhampton Parish, York County and Gloucester County, VA. That is, unless that someone's fantasy was satisfied by doing this, simply to record (for their descendants) what they wanted their own ancestors to appear as. And to make matters even worse, these so-called proven facts have been fed into the WORLD FAMILY TREE and other computer programs and disseminated worldwide.

On that subject, I have emphatically made a certain statement to many individuals who have contacted me lately. And, for the record, I'll say the same thing again: OUR LINE OF ROBINS/ROBBINS DID NOT DESCEND FROM DR. THOMAS ROBINS of York and Gloucester, Counties, VA! I've traced his family from his grandfather, John, the Elder, who died on a voyage to or from England in the early 1600's, through the beginning of the 1800's. (See ABSTRACTS OF VIRGINIA LAND PATENTS in the VIRGINIA HISTORICAL MAGAZINE).

As you read the attached paper, please remember THESE FOLKS ARE NOT OF OUR LINE. THEY ARE OF WHAT I REFER TO AS

"VIRGINIA'S EASTERN SHORE ROBINSSES". I've gone back to my research material, collected from period 1991 through June 1995 before my Robbins book was published. All the material contained in this paper has been taken from authenticated references. The story starts with John, the Younger, and ends with the family of the Thomas and Sarah of Warren County, ~~NC~~. The contents of this paper coincides with the my answer to a letter from a very perplexed person (copy attached).

I'm sending copies of this package to most of the names on Alfred Bobbitt's list. I'm also in touch with the powers that be in several areas. But, what I'd really like to accomplish is to convince every member of our Robbins family that they must do their own research (hard work, but it must be done) not just latch on to everything they see. When this material is passed on to others who might believe the material is authentic and applicable to their own family, immeasurable damage is done.

Betty, what I've done here is just about all I intend to do in this matter. I must go on to other projects which I hope and pray that God will give me the time to finish. I hope that what I've done here will answer your questions and help others as well. But, please keep in touch. I hope to be able to visit with you again. By-the-way, was my first cousin, Joyce McClelland Ellis, reelected to her seat as one of the Commissioners in Jasper County?

THE ROBINS FAMILIES OF VIRGINIA'S EASTERN SHORE
By Gladys Robbins Guins Wrenn
19 March 1998

Dr. Thomas Robins and his wife, Mary Hansford Robins, were the ancestors of all members of the early Robins family of Robins Neck, Gloucester County, and Yorktown, Yorkhampton Parish, York County, VA areas ONLY. Unless specifically specified in this writing, none of the material written in this paper applies to other than the York-Gloucester Counties, VA Robinses. It DOES NOT apply to the Accomack-Northampton Counties Robinses, some which are listed erroneously on the lineage charts discussed at the end of this paper.

This paper has been written to record a brief history of the Thomas Robins family of Yorktown, Yorkhampton Parish, York County and Robins Neck, Gloucester County, VA. He was a surgeon and professionally referred to as Dr. Thomas Robins. In composing this paper, this writer has cited a few applicable references for the reader's use in verifying what is written here.

In publishing this paper, this writer hopes to encourage members of our particular Robins line to record their own family history for their descendants from official records, not from such as what was circulated by Alfred Robbitt lately. This entails doing away with all the extraneous names of Robinses who do not fall within the descendancy of Thomas (Sr.) and Isabella Robins, who lived in Westmoreland County, VA.

The author(s) of these erroneous charts appeared to have picked names from various records, and simply inserted them into the chart in no particular order. They inserted names and statistics of other Robins lines, those who lived in other counties who were only remotely related (if at all) to Dr. Thomas and Mary Hansford Robins or their descendants. And to think this material was fed into the World Family Tree is very sad.

Contrary to what the erroneous charts specify, official

Pascagoula Public Library
Local History & Genealogy Dept.
Robbins Family

records of Westmoreland County, VA prove that Thomas Robins (Sr.) was our earliest ancestor, not the Thomas Robins in these charts. The original copy of the inventory of his estate was found by this writer among that county's archival records in the basement of their ancient courthouse. A copy of that inventory is shown in this writer's book entitled THE ROBBINS FAMILY From Virginia To Texas, dated June 1995.

And, in line with the above, for those who believe that: (1) that we are the descendants of Dr. Thomas Robins of York-Gloucester Counties, VA; and/or (2) that our ancestor was the Sarah Jane Maddox, as specified in the erroneous chart(s), who married our younger "THOMAS" in Edgecombe County, NC, this writer goes on record to make the statement that NEITHER SITUATION IS TRUE, AND CANNOT BE SUBSTANTIATED IN OFFICIAL RECORDS.

This writing encompasses only a brief history of the York-Gloucester Counties, VA Robinses. It started with John, the Elder. He emigrated to Virginia from England in 1622 on the MARGARET AND MARY. He was accompanied by his son, John, the Younger. Some historians have written that on a second trip to England, John, the Elder, died. As heir apparent, John, the Younger, was entitled to 300 acres within the area of Elizabeth City, VA (HOTTEN).

This story continues with the first generation. John, the Younger, married twice, the first time to Dorothy and the second time to Alice (Neill's VIRGINIA CAROLORUM, p. 158). The following statements are listed for your information. Please refer to "Robins Family Landholdings in Robins Neck, Gloucester County, Virginia", by Robert Wayne Robins of Zanoni, Virginia, and published in two publications of THE VIRGINIA GENEALOGIST.

1. The will of John, the Younger, was dated 22 Nov 1655. In this will, he devised "to his BODILY heirs" a total of 2,500 acres located in Robins' Neck, Gloucester County and Elizabeth City County to his three sons, Christopher, William and Dr. Thomas Robins, who received 600 acres in Robins' Neck. He later received one-half of William's holdings when he died young without issue.

2. Dr. Thomas Robins died before 26 August 1678. He had married Mary Hansford before 21 June 1666. She was the

Pascagoula Public Library
Local History & Genealogy Dept.
Robbins Family

daughter of Major John Hansford of York County and the sister of Colonel Thomas Hansford, who was hanged for his participation in Bacon's Rebellion.

The oldest son of Dr. Thomas and Mary Hansford Robins was JOHN. He was named in the will of his grandmother, Elizabeth Hansford Lockey (York County Orders and Wills 1665-1672, p. 109. See also Elizabeth City County Ejectments 1736-1770, p. 34.)

3. As explained on page 9 of this writer's copyrighted book entitled THE ROBBINS FAMILY From Virginia to Texas, the old English law of primogeniture gave certain hereditary rights to the eldest son of the family. Consequently, JOHN, BEING THE ELDEST SON, was the only son mentioned in the will of his father, DR. THOMAS ROBINS, and who inherited his estate. However, John had four brothers, Richard, George, William and the THOMAS with whom we are concerned.

4. This Thomas Robins was the innkeeper of Yorktown and, as stated above, was another son of Dr. Thomas Robins and Mary Hansford. He made his will on 5 August 1725. It was not filed for probation in court until 16 June 1729 at which time he died (York County (VA) Records 1720-1729). He left no children. His wife, Temperence, his daughter, Anne, and his four brothers (John, Richard, William and George) were listed in his will (WILLS AND ADMINISTRATIONS, ELIZABETH CITY, VA, by Chapman). See also the Robins Escursus in THE DESCENDANTS OF JOHN STUBBS, by William Carter Stubbs, PH D.

NOTE: As explained in the following paragraphs, the statistics concerning this Thomas Robins were used by the author(s) of the erroneous charts in an effort to claim the York-Gloucester Counties Robins as their very own ancestors.

The author(s) of the charts claimed a THOMAS ROBINS as their own, but called him "Thomas C. Robins." They claim he was the father of our Thomas Robins, who married Isabella, YET RECORDS CLEARLY INDICATE THAT OUR ANCESTOR WAS THOMAS ROBINS (SR.) WHO MARRIED ISABELLA and DIED WITHOUT A WILL DURING 1725 IN WESTMORELAND COUNTY, VA (VIRGINIA WILLS AND ADMINISTRATIONS). We do not know his father's name; consequently, we have not charted his line before his time.

**Pascagoula Public Library
Local History & Genealogy Dept.
Robbins Family**

5 John, the eldest brother of Thomas, married Jane Throckmorton. Their sons were Benjamin, WILLIAM (Sr.), born 5 Dec 1715, died 1786, and Thomas (died young without issue). Of these, WILLIAM (Sr.) MARRIED ELIZABETH COLEMAN on 1 Dec 1737. She was born on 3 April 1721, the daughter of Thomas and Elizabeth Coleman of Caroline County, VA (The Coleman Excursus, in the book entitled THE DESCENDANTS OF JOHN STUBBS, by William Carter Stubbs, PH D). One of their sons, another THOMAS,, born 1745, died 1808.

This Thomas Robins married twice, first to Francis Stubbs in 1767. One of this couple's sons was THOMAS C. (COLEMAN) ROBINS born 6 Jan 1804, married Amelia Armistead.

The second marriage of this Thomas Robins, born 1745, died 1808, was to Elizabeth Lee Hoomes. (After the death of Thomas Robins in 1808, his widow, Elizabeth married Read Watlington.) Thomas and Elizabeth Lee Hoomes Robins had two sons. The first son was Dr. Joseph Hoomes Robins. Their second son was referred to as Thomas; however, his full name was BENJAMIN THOMAS CLAIBORNE ROBINS, who married as his second wife, SARAH JANE MADDOX.

By switching statistics around, the author(s) of these erroneous charts, have claimed the above "Sarah Maddox" as the wife of Thomas, (Jr.) who was born in Westmoreland County, VA and died in Edgecombe County, NC. As stated below, records prove Sarah Jane Maddox married Benjamin (Thomas) Claiborne Robins, who died 1780 in Warren County, NC. They were NOT OUR ANCESTORS.

6. The descendants of Dr. Thomas Robins and Mary Hansford soon left Virginia's eastern shore. This included the male heirs of their grandson, the above-mentioned Thomas Robins (1745-1808), whose parents were William, born 1715, and Elizabeth Coleman Robins, born 1721. With the exception of the Robins Cemetery at "Point Lookout", his original land holdings had passed out of the Robins family by 1860.

A few members of the Robins family had died. The others had sold their holdings and initially migrated to nearby counties. Their names were recorded in official records of Caroline, Culpeper, Cumberland, Goochland, Mecklenburg, Nelson, Old Rappahannock, Pittsylvania, York, Essex, King William, Halifax, Orange Counties, VA, as well as the Old

**Pascagoula Public Library
Local History & Genealogy Dept.
Robbins Family**

Bute County, which later became Warren County, NC. With them were the Hansfords, Colemans, Kendalls, Watlingtons and many other related families.

One Thomas was recorded as living in Halifax County, VA during the period 1773-1775, where he was also listed as being on John COLEMAN'S list of the 1790 census. And before this time, he proved the will of William Kendall of Orange County on 26 June 1777. (We can be assured this Thomas was NOT our Thomas (Jr.), who was born in Westmoreland County, VA, migrated to Edgecombe County, NC and who married a Sarah.)

7 Our research of the Robins family took us to Gloucester County, VA. While there, we found a copy of the survey of the ROBINS' CEMETERY on Point Lookout Farm of Robins' Neck. Memorial monuments in this cemetery reflect many of the above-mentioned descendants of Dr. Thomas and Mary Hansford Robins, including the one of William, born 1715, who married Elizabeth Coleman in 1737 (EPITAPHS OF GLOUCESTER AND MATHEWS COUNTIES, Library of Virginia Publications No. 9). Another reference we found was the "REGISTER OF ABINGTON PARISH, GLOUCESTER COUNTY, 1677-1780", which also reflects many of these names.

8. Early records indicate that other descendants of Dr. Thomas Robins could have migrated to the new frontier (counties adjoining the boundary of Virginia in the early 1700's), and to the Rowan-Randolph-Guilford county areas of North Carolina. Also, in early records of Bute County (later to become Warren County, NC), members of the Coleman family, as well as Thomas and Sarah Robins, were recorded.

The will of this Thomas Robins was dated 15 Jan 1780 and proved in court the same year. His wife, Sarah, an American Revolutionary Patriot, and their only son, William, were named; his three daughters were mentioned also, but not by name. (Later records indicate they were Mary, Elizabeth and Nancy.) His son, William, gave bond of 5,000 pounds and administered his father's will. (This family was mentioned on the first page of this writer's book entitled THE ROBBINS FAMILY From Virginia to Texas. See also the chart which does reflect the correct lineage of one particular line of Dr. Thomas and Mary Hansford's descendants.)

Pascagoula Public Library
Local History & Genealogy Dept.
Robbins Family

To reiterate, "Thomas" Robins, whose full name was Benjamin Thomas Claiborne Robins, the son of Thomas, born 1745, and Elizabeth Lee Hoomes of Gloucester County, VA, was the Thomas who married SARAH JANE MADDOX, WHO DEFINITELY WAS NOT THE SECOND WIFE OF OUR THOMAS (Jr.) OF EDGECOMBE COUNTY, NC!

The problems with these charts are discussed below. This writer does not try to point out the many, many discrepancies of this chart even on page 1 through 4. I didn't go any farther. In the first place, many names cannot be proven as correct; others are not in sequence, many are extraneous, the chart does not make sense. But, I do take comfort in knowing what we need to know about our particular line of Robinses, all of which can be proven. If this is the best THE FAMILY TREE can do, I can recommend it to no one person.

The major problem with these erroneous charts stems from the fact that the author(s) have claimed the wrong Thomas Robins as their own. As a consequence, the lineage chart of Thomas (Sr.) who died during 1725 in Westmoreland County, VA and was married to Isabella (and the ancestor of untold numbers of descendants) has been mistakenly annexed to the lineage of the above-mentioned family of Dr. Thomas Robins of York and Gloucester Counties, VA, and who died shortly after 1674.

To accomplish the impression that their lineage was the same as that of the prestigious York-Gloucester Counties, VA Robinses, the author(s) of these erroneous charts naturally had to use the lineage chart of that family. From that family, he/she/they borrowed the name of "Thomas C. Robins" whose parents were actually Thomas, born 1745, and Francis Stubbs. They used "Thomas C. Robins" instead of simply Thomas Robins who was also Dr. Thomas Robins.

Many Thomas Robinses were recorded in early York and Gloucester Counties, VA. Only one was actually referred to as "Thomas C. (Coleman) Robins" who was a great-great grandson of the doctor (also the grandson of William, born 1715, married Elizabeth Coleman on 1 Dec 1737). And these certainly WERE NOT RELATED TO OUR THOMAS ROBINS, (Sr.) AND HIS WIFE, ISABELLA, OF WESTMORELAND COUNTY, VA. (See the Guide to Gloucester County, VA Historical Manuscripts 1651-1865 and The ROBINS FAMILY PAPERS, 1760-1935, which

Robbins Family

includes the Ejectment Proceedings of the descendants of Dr. Thomas Robins and Mary Hansford, also other items of interest, housed in the Virginia Historical Library in Richmond, VA.)

Generations No. 7 and 8 of the erroneous chart supposedly deals with the children of Dr. Thomas and Mary Hansford Robins. A real mess. First Dr. Thomas did not die on "August 25, 1677." What proof do we have they married on 1660?. Then look at the estimated dates. Why so many the same? And many died on the same date? The first child listed was Thomas. He did not die on "August 5, 1725 in "Virginia, Westmoreland County, Yorktown???? County, Yorktown"???? And the last one listed for that generation. John was the doctor's oldest son. From what official record was used as his birth and death dates (1668. died August 5, 1725). Definitely not so. And it should be stated in the chart that we have no proof that Isabella's maiden name was Bailey. These are just a very few of the discrepancies of the first four pages of the chart.

To make matters even worse, they borrowed other data from one Thomas Robins, the son of Dr. Thomas Robins who made his will on 5 August 1725; but they used it as the date of death of a "Thomas C. Robins." (The son of Dr. Thomas and Mary Hansford Robins died several years after he made his will on 5 August 1725 which was proven on 16 June 1729 in York County, VA. (York County Records No. 16, 1720/29 Part I, p. 604). This Thomas Robins left no issue. His wife, Temperence; his sister, Anne; and his four brothers, John, Richard, William and George, were mentioned in his will.)

The author(s) of these erroneous charts took other data from records of another Thomas Robins who actually died intestate in Westmoreland County, VA during the year 1725, NOT as stated in the erroneous charts as "in Virginia, Westmoreland County, YORKTOWN"? Where is this? And how did they come up with these dates? The date he/she/they borrowed this time was again "5 August 1725."

The actual INVENTORY of the estate of our Thomas Robins (Sr.) of Westmoreland County, VA was taken, signed, and authenticated by his wife, Isabella. (He left no will.) Records of Westmoreland County, VA proves that the Thomas, Jr. who married a Sarah of Edgecombe County, NC, was the son

of this senior Thomas and Isabella. (See this writer's book entitled THE ROBBINS FAMILY, From Virginia to Texas.) The origin of this family has never been determined.

Now, see what is given at the top of page 3. Why bring in the oldest son of Dr. Thomas Robins at this point? As I've stated in this package, more of inserting names and groups into just any place.

[REDACTED]
Dear Mrs. [REDACTED]

This will be a difficult letter to write. First, I will explain why I have not responded to your letter earlier. I simply misplaced it, just found it today. How it got to where I finally found it, I'll never know.

And, right away, I want to apologize for not having a book to send to you. I printed about 200 copies; they're all gone. I hope to print again after Christmas. If I do, I'll have you on my list to mail one to you. In the meantime, I hope you can go to your state library in Richmond to which I donated a copy. I also donated a copy to the collection of your Virginia Historical Library there in Richmond.

In your letter, you mentioned your cousin, John Wright Butler. In October of last year, I sent him a copy of my book as a gift. At that time, I tried to thank him for his efforts toward solving the mysteries of the Robbins family history. However, I never heard from him. Anyway, I'm glad to know he did receive the book.

Next, I want to try to make some statements, which I think you will want to verify at your library. And I will send some abstracts from my book and a chart I've prepared to explain some of the descendants of Dr. Thomas Robins, who married Mary Hansford. Another chart will help you to see our lineage. I will also refer to the chart you sent. I hope I can explain in a way that you will understand.

1. The first chapter of my book covered the origin of our family and the search for the immigrant ancestors. On the first page, I explained very briefly the family of Dr. Thomas and Mary Hansford Robins (No. 7 on your chart and shown on my first chart). In the doctors will, he mentioned

only his oldest son, John, to receive his estate, which was in accordance with old English laws enforced in Colonel Virginia. This will was challenged by John's descendants later and was "ejected" in court because of certain provisions of the doctor's earlier will.

As shown on my first chart, Dr. Thomas and Mary Hansford Robins had FOUR more sons (in addition to John). One was Thomas (Jr.), who died married to Temperance and without issue. His will (copy attached) was recorded in York County Records No. 16, 1720/29, page 604. It was dated 5 August 1725 and proven in the same court on 16 June 1729 --not in "Westmoreland County, Yorktown" as specified on your chart. Let me repeat--this Thomas (Jr.) was married to Temperance, not to Isabella "Bailey" as your chart reflects.

THOMAS, JR. AND TEMPERANCE ROBINS WAS NOT OF OUR LINE. Very intense research does not prove that OUR family was, in no way, of these prestigious Eastern Shore Robinses. As many others do, I would very much like to claim them as ours, but I've found no proof that I can.

2. (No. 9 on your chart). The next Thomas Robins I want to speak of IS OUR SENIOR THOMAS, who died in 1725 WITHOUT A WILL (VIRGINIA WILLS AND ADMINISTRATIONS). Lloyd and I found the original inventory of his personal estate in the Westmoreland County, VA courthouse. It was dated 25 August 1725, and signed by his wife, Isabella. (Her last name as Bailey is unproven.) Their son, OUR Thomas Robbins (Jr.), was born there in Westmoreland County and died in North Carolina. When this younger Thomas died in North Carolina, he was married to a Sarah, BUT NOT TO A SARAH MADDUX, as shown on your chart.

As shown on the first descendency chart (attached), Sarah Jane Maddox was the second wife of Benjamin Thomas Claiborne Robins, son of Thomas and Elizabeth Hoomes Robins of Gloucester County, VA. As further explanation, in the last paragraph on page 1 of my book, you can see that I've tried to point out the real Thomas and Sarah, whom I believe is this Thomas and Sarah Jane Maddox Robins.

3. Please refer to No. 10 of your chart and the inclosed copy of a descendency chart of Thomas, Sr. and Isabella Robins. Please note that William Robbins' wife was

Mary Battle as explained in my book. (Mary Wells was the first wife of Jacob Robbins, Sr. 1737-1807.)

I'm pleased to know that you also descend from my Arthur and Mary Penelope Sellers Robbins, and that someone else is tracing the family of their son, William Absalom Robbins. I've gathered some information on his family and will be more than glad to share what I have with you.

Back to your nice letter and your offer to send me a copy of your computer disk. Thank you, I would like to have one. I do have a computer and "The Family Tree Maker." I'm ashamed to tell you, though, I'm not into the Internet yet or into any of the others. I just haven't had time. Guess it's because I'm too busy with other lines of my family now. I'm writing a second book.

But, please let me know how I can help you. I just wish we lived closer to each other, then you could copy what I have in my files. Others have done this. Let me hear from you.

Sincerely,

Gladys R. Wrenn
